

# NEAL'S YARD REMEDIES

ISSUE 26 | SPRING 2022

Harmonize & Balance  
body and mind

# Dear friends,

With spring in the air, it's the perfect time to refresh, reset and celebrate the beauty of nature. Longer and brighter days are afoot, and we've got all the natural and organic health and beauty solutions you'll need to step into spring with confidence.

We've not been resting on our laurels whilst waiting for spring though! The early part of this year saw us going back to our roots, with brand-new seasonal wellbeing bundles designed to target specific needs and enhance wellbeing. And this season, we're celebrating the people and communities with whom we work, sharing a selection of provenance stories and tracing three of our favorite ingredients from seed to bottle. We're delighted to dedicate our appreciation to collectors, customers and everyone in between, playing an important part in our mission for positive change to people and planet.

Wishing you a happy and vibrant spring season,

*Anabel & Barnabas*

# Planet friendly beauty

From supporting indigenous communities who harvest our premium ingredients, to using 100% renewable electricity across our business, we act sustainably and ethically to protect this beautiful planet for everyone.

THE KINDERSLEY FAMILY  
OWNERS OF NEAL'S YARD REMEDIES

## We're ethical

We're the world's first health and beauty brand to be awarded 100/100 for ethics (in an independent audit by the Ethical Company Organisation) and all of our ingredients are ethically and sustainably sourced.

We've also pioneered FairWild® certified ingredients, which ensures sustainable wild harvesting and a fair deal throughout the supply chain.

OUR ECO FACTORY IN DORSET

## Reducing our packaging impact

We're fond of our blue bottles. We think they look great. The blue pigment protects against sunlight, helping protect and preserve the precious natural ingredients within. We use glass bottles where suitable. Where we do use plastic, all our blue plastic shower, hair, bath and skincare bottles up to 10.14 fl.oz are made from recycled material, with a target for all our packaging to be recyclable, compostable or reusable by 2025. We use paper and card from responsibly managed sources.

## Why use certified organic skincare?

We are pioneers in certified organic health and beauty, having been certified by the Soil Association since 1991. We follow the Precautionary Principle - we maximize our use of pure, natural and organic ingredients, meaning you won't find anything in our products we believe could cause you or the planet harm.

We believe in honesty. Every organic ingredient is marked with a single asterisk \* and every ingredient from organic origin is marked with a double asterisk \*\*. Look for the Soil Association Organic or COSMOS Organic logo.

-  Never tested on animals
-  Prioritize natural and organic ingredients
-  Only natural colors and fragrances
-  Better for the environment
-  Protects wildlife
-  Contains no genetically modified (GM) ingredients

## Natural & organic ingredients

We use the highest possible percentage of natural and organic ingredients, free from any unnecessary chemicals, as they're kinder to the earth, and kinder to you.

## Taking climate action

### THE FIRST CARBONNEUTRAL® RETAILER

In 2008 we became the UK's first high street retailer to be certified CarbonNeutral® having reduced our net carbon emissions to zero. We purchase carbon credits in support of projects that protect biodiversity hotspots and aim to reduce deforestation across the globe. We use 100% renewable electricity across all of our UK sites.

## Organic Seaweed *Fucus vesiculosus*

ORIGIN: SCOTLAND & IRELAND

Infused in our much-loved **Seaweed & Arnica collection**, our organic bladderwrack seaweed is sustainably wild sourced from carefully selected areas along the coasts of Scotland and Ireland. Only healthy, living plants are collected, hand cut and dried within hours at ambient temperature without the use of fossil fuels. Full of vitality, this wonderful mineral-rich seaweed meets the Nutritious Food Seaweed Standard.

## Organic Calendula *Calendula officinalis*

ORIGIN: DORSET, ENGLAND

Within the acres of organic gardens at our eco factory in Dorset, we grow rows upon rows of golden calendula. Handpicked in the sunshine, the peppery scented flower heads are quickly preserved in our onsite tincture unit to ensure that the beneficial resin that their petals produce is captured at its peak. Over the summer months, we'll harvest 2-3 times every week, picking over 350 kilos of calendula to produce one tonne of calendula tincture per year.

## Organic Argan *Argania spinosa*

ORIGIN: MOROCCO

Our organic argan oil is produced by the inspirational women's Tighanimine Cooperative, in the Souss Valley, Morocco. Today, the 60 members of the cooperative work and learn in every area of the business, and together with the Fair Trade Fund, the fair price we pay for their incredible oil gives members the financial independence to help support themselves and their families.

## Organic Rose *Rosa damascena*

ORIGIN: BULGARIA

We use the essence of Bulgarian damask roses in our Rehydrating Rose collection. They are handpicked in the early morning, kept cool and distilled within hours of being picked to maximize and preserve their benefits and precious aroma.

## Organic Baobab *Adansonia digitata*

ORIGIN: KENYA

From the heart of Zimbabwe, the fruit from the baobab tree is wild-harvested by rural communities before being fairly traded to produce our cold-pressed, certified organic baobab oil, a skin-nourishing ingredient in our **Frankincense Intense™ collections**. Harvesting baobab has a positive impact on the collectors and their families, with each collector receiving double the minimum wage, greatly increasing their standard of living.

## Organic Niaouli *Melaleuca viridiflora*

ORIGIN: MADAGASCAR

One of our key ingredients in our **Organic Defence blend**, our organic niaouli essential oil is sustainably sourced from the east coast of Madagascar. Local collectors handpick the aromatic leaves of the broad-leaved paperbark trees that thrive in the tropical conditions. These are quickly taken in traditional zebu carts to be steam distilled while still fresh to capture their cleansing aroma.

# Why not host a workshop?

If you're passionate about natural, organic and ethical beauty, then why not host an event? Hosting an event is a simple and fun way to spend time with your friends and family. Gather everyone together either virtually or face-to-face, and your Independent Consultant will help you discover new products, enjoy some self-care and have fun along the way!

Hosting a workshop means tailored skincare advice, discounted shopping and the opportunity to enjoy special quality time together – all from the comfort of your home. Your Independent Consultant will arrange everything and you can just sit back and relax. If you don't care to host yourself, you can always opt for a consultant-hosted event.

## Virtual events

Whether your friends are near or far, you can still enjoy an event together. Make sure all the guests are set up with simple video calling software, then enjoy all the same advice, recommendations and fun as a face-to-face event!

## Face to face events

Whether you choose to host an event at your own home or you opt for a consultant-hosted event, our face to face workshops are a great way to enjoy some time with friends while getting tailored skincare advice and product recommendations.

## Our workshops offer:

- Skincare advice tailored to your skin type
- Bespoke product recommendations you'll love
- Perfect gift ideas for that special occasion
- Demos on how to use your new products
- Learn about natural organic ingredients that are ethically sourced and sustainable
- Discover how to update your beauty ritual to natural and organic

## How to plan the perfect event

## Organic frankincense

*Boswellia sacra*

### Origin: Oman

During harvesting season, around 20 experienced collectors make small cuts in the bark of *Boswellia sacra* trees releasing the milky sap, which is left to harden in the sun. After about 14 days, the collectors return and slice the resin. These 'pearls' are taken to a local distillery where they're steamed to extract the precious oil.

# Balance your skincare with the seasons

As we age, skin becomes more fragile and our skin becomes more dehydrated. This, coupled with a busy lifestyle can cause skin to become more affected by external factors, such as tiredness, pollution and seasonal changes that can dull its appearance. Switch-up your routine to rehydrate skin for a more luminous complexion. Plus, don't forget to drink plenty of water to keep your skin fresh and hydrated.

# Find a balance

It's often tricky to balance oily skin, which can be exacerbated by using the wrong skincare products for your skin type. Oily skin is the result of your body producing an excess amount of sebum (the skin's natural oils), and it's always tempting to use products that will 'dry' these oils out.

However, this will trigger your body to amp up its production of sebum to replace the oils you're stripping - making your skin worse. Bring balance back to your skin with a simple cleanse, tone and moisturize routine using products that address your specific skincare concerns.

TIP

**TIPS FOR CLEAR SKIN**  
**Inner health:** Support a balanced gut microbiome with probiotics, which contain good gut bacteria, and fermented foods like miso, tempeh and kimchi.  
**Outer beauty:** Choose a natural mineral-based make-up rather than a heavy foundation to help prevent blocked pores.

# Perfect products for precious skin

Until our little ones reach the age of two, their delicate skin is up 20-30% thinner than our own, making it ultra-sensitive and prone to dryness. Using extra gentle ingredients without unnecessary chemicals helps to nourish and protect without stripping away the all-important protective barrier that's constantly developing until your child reaches the age of four.

## Wild Rose ritual

Get your glow with our step-by-step guide for an at-home pamper

**1**  
**EXFOLIATE**  
Once in the shower, massage **Rehydrating Rose Facial Polish** (page 19) and **Wild Rose Body Polish** onto your face and body then rinse away.

**2**  
**HEAD-TO-TOE HYDRATION**  
Apply **Wild Rose Shower Oil** to wet skin and massage until the oil transforms into a creamy lather.

**3**  
**MASK**  
Once out of the shower, pat your skin dry and smooth **Wild Rose Beauty Balm** (page 13) onto your face, avoiding your eye area.

**4**  
**MOISTURIZE**  
Massage **Wild Rose Body Lotion** or **Wild Rose Dry Body Oil** into the skin on your body using upward stroking motions.

**5**  
**TREATMENT**  
Remove the **Wild Rose Beauty Balm** (page 13) with a damp muslin cloth, and massage 2-3 pumps of **Wild Rose Beauty Serum** (page 12) for a targeted radiance boost to finish.

## SEE WHY OTHER NYR ORGANIC CONSULTANTS JOINED...

"This business has been life changing for my family. Before NYR Organic came into our lives 12 years ago, I didn't realize how many personal care products contain harmful chemicals that could affect our health and wellbeing. Small changes, starting with our skincare, have made a huge difference to my family's wellness. I love sharing these products while empowering others with life changing discoveries and opportunities. Earning an income by sharing a meaningful message along with safe, effective products is SO fulfilling, knowing we make a difference in people's lives!

My message would be to go for it – discover the organic difference today by hosting an event or joining our team. Your skin will thank you for it, too!"
